

FIREWORKS CAN CAUSE WILDFIRE

FIREWORKS ARE PROHIBITED ON ALL FEDERAL AND STATE PUBLIC LANDS.

Light Fireworks in a Safe Space - Light fireworks on a bare, flat space. Make sure there is no dry vegetation or flammable materials close by.

Never Re-light Fireworks - Never try to fix duds. If the firework fails to ignite, leave it alone.

Have a Bucket of Water Close By - After a firework has gone off, pick up the pieces and place them in a bucket full of water to ensure they are fully extinguished.

Be Ready - Always have a shovel and fire extinguisher close by just in case it is needed.

Report All Fires -
Call 9-1-1

**ONE LESS
SPARK
ONE LESS WILDFIRE**
